PRESIDENT'S MESSAGE

We just had Thanksgiving and then our club Christmas Party. I think it is a time to reflect and look back at all of our blessings. Just think of this wonderful country we live in where we have all these opportunities and freedoms. And the icing on the cake is this great place in the Ozarks we all now live. The added trim is the great carving club we have here. I have had a guiding hand that has helped me through life and brought me here.

We just attended Glenn Colley's Memorial today. We said goodbye to one more of our early members. I don't want to mention names of other early members who got this club off and running as I might miss some but since we are reflective today, we need to remember what our club founders did for us.

My term as president is soon ending and I would like to thank all those who made the last two years work so well. That would be club officers and board members and the total membership. This includes the show committee as well. While the president seems to get credit for how well the club is doing, it really depends upon members stepping up and doing things. I would like to thank Janet Caldwell for stepping forward when my treasurer became ill. I mention this as an example of what I speak.

Now I will pass on a couple of thoughts that I feel make this club such a success. (1) We have a friendly open group of people that are willing to help one another. (2) Lessons and activities which fall on the shoulders of the vice president. We have beginners classes that get people started as many people are looking for a new craft to fill in their time. After that, we have continuing classes and activities to keep people involved. The vice president position is key to keeping our membership up.

As we have noted before, beginners classes start again January 15 and will run through April 9th. We need all of you to promote the club and bring in new members. It is our life blood and with new people come new ideas.

Now I have one more thank you to make. I believe our Christmas Party was a huge success. The food was good and plenty of it and (Holy Smokes) wasn't that brisket good!!! Along with the party, we had a non-perishable food collection for the Mountain Home Food Basket which netted 214 pounds of food and \$40 in cash. When we dropped the food off Friday morning, it sure looked like it was a welcome and needed addition

to the shelves. With the poor economy, there has been a pressing need for assistance. This donation, along with our cash donations to the Food Basket and Christmas Wish should go a long way in helping our neighbors that are down on their luck and need a hand up. We have the enjoyment of making our carvings and then add to it the knowledge we have helped someone.

Christmas and the New Year are coming. With that in mind, I wish you all a Merry Christmas and a Happy New Year and ask you to support our new officers and thank them for stepping forward. A thank you is the only compensation they will receive for their efforts.
