## PRESIDENT'S MESSAGE

I recently went to my doctor and told him that I am incapable of doing all the things around the house that I used to do. When the examination was over, I said, "Okay Doc, in plain English—what's wrong with me?" "Well, in plain English," said the doctor, "you're just lazy." I nodded at him and said, "Now give me the medical term so I can tell my wife."

There's not too much happening at this time of year. Many people are going on vacation and no events are planned until September and that will be here quicker than we know it. I remember back in elementary school the summers were probably 7 months long. Well it seemed like that at the time. Now they are gone in a blink of an eye.

We had a good showing for our Gassville-in-the-Park event on June 6th. It was a pleasant day and a lot of people attended. NAWC sold quite a few raffle tickets and charity items. Now we need to replace them to have them ready for the Baxter County Fair, which is Sept. 9th to the 13th and the Hillbilly Chili Cookoff on Sept. 19th. We will have sign-up sheets put out in early August.

This year's chess set seems to be very popular with a lot of people saying they want to win it even though they don't play chess. They loved the little hillbilly carvings and were impressed with the marble chess board. People also liked the Nativity set and those carvings as well. So thanks to everyone who worked on the raffle items. I know it's early but let's start giving some thought to what we want to carve for next year's raffle.

Let me remind everyone that our club library has lots of books that you can borrow for a couple of weeks at a time, but please sign out the book and put the index card in the box on top of the file cabinet. When you return the book, take the card out of the box, cross off your name and put the card back in the book (or study stick bag). Sonia does a great job of keeping it organized so let's not make it more difficult for her.

Well, that's it for now. I've got to go out and start mowing the grass before it gets too hot. Well

basically it's weeds but when it's cut it looks like grass.

Ray Killen, NAWC President
